Olivia Rose Namest, was born on June 17th, 2008 with Myelomeningocele, which is the worst form of Spina Bifida. She resides in Wheaton with her parents, Dan and Julie, her 8 year old brother, Danny, 7 year old sister, Gianna and 4 year old sister, Angelina. Olivia loves to be outside watching the birds, squirrels, rabbits and airplanes. Even when she can't go outside she is watching through a window. Wherever there is music playing you will find Olivia clapping her hands and laughing. Music has been the main source of controlling her pain after her surgeries. When it is quiet time Olivia is surrounded by all of her books. Her favorite book is Goodnight Moon, which she has us read over and over again. Olivia loves to play with her brother and sisters especially playing
